

**WEST VIRGINIA WILDLIFE FEDERATION
FOURTH QUARTERLY MEETING
NOVEMBER 2, 2008
WATTERS SMITH STATE PARK**

- The meeting was opened by President Joe Calvert.
- Vice-President Jim Summers reported that WVWF now has 37 affiliates.
- The Treasurer Bob Wines handed out a copy of the Audit by Tetrick and Bartlett. All is in order.
- A successful NH&F Day was held. West Virginia Wildlife Federation continues to support this major hunting and fishing day event with the West Virginia Division of Natural Resources. A major shift this year was in the youth challenge event by changing the event to encourage youths to participate in a series of outdoor skills at various stations either competitively scored or not and modeled after the highly successful Jakes Day events. This was an exciting part of the NH&F Day celebration and received a lot of favorable comments.
- West Virginia Wildlife Federation continues to watch the Monongahela N.F. Congressional legislation as well as the new George Washington N.F. plan.
- Plan on attending the Hunt Show event the week of January 23-25 in Charleston and stop by the WVWF Booth. The WVWF Annual Meeting will be January 24, at 10 A.M. at the Hunt Show.
- WVWF needs your help to continue to fight for hunter's and fishermen's rights. Please, join now!
