

**WEST VIRGINIA WILDLIFE FEDERATION WEB MINUTES**  
**THIRD QUARTERLY MEETING MINUTES**  
**SUNDAY AUGUST 29, 2010 AT 1:30 PM**  
**VANDALIA WMA**

- The meeting was called to order by President Jerod Harman.
- NH&F Day assignments were discussed. WVWF will raffle off a .460 Smith and Wesson at the NH&F Day event and the Hunt Show as a fundraiser. The Consol gun will be raffled off at the Governors One Shot Hunt with proceeds to go to the NH&F Day event. Thanks Consol and Smith and Wesson!
- Jerod reported the need to continue to monitor youth mentoring activities for reporting to our NH&F Day donors. WVWF participated in the Romney Jakes Day Event and a Harrison County Youth Day at a Lost Creek school.
- Three new County Directors were approved – Bob Fala, Logan County; Tom Jenkins, Taylor County and Dana Brown, Barbour County. Welcome to the WVWF!
- The WVWF has responded to our Congressional delegation concerning proposals to ban lead in bullets and fishing lures and sinkers. Currently only fishing gear is being considered under this proposed ban. WVWF believes that there are no scientific facts to warrant restrictions in hunting and fishing gear other than the current federal restrictions on the use of lead shot in waterfowl hunting. We will continue to monitor these activities and communicate to our membership via ACTION ALERTS.
